

Fogging Scheduled in El Monte to Combat Asian Tiger Mosquitoes.

The San Gabriel Valley Mosquito & Vector Control District is scheduled to fog the area on Thursday, August 15th, beginning at 12:00pm.

Residents are urged to:

- CALL and REPORT any sightings of small, black and white mosquitoes, or if you are being bitten by mosquitoes during the day!
- DUMP and DRAIN all standing water around your home.
- DISCARD any containers, cans, buckets, and old tires around the home or store them so they do not collect water.
- Remove any water dishes from beneath potted plants and drill drain holes in all decorative flower pots, tire swings, and trash cans.
- Do not store water in uncovered buckets or rain barrels. Ensure rain barrels are completely sealed to prevent mosquito entry.
- Empty bird baths and small fountains completely or clean them thoroughly every 3 days.
- Clean out rain gutters and lawn drains to ensure water does not collect.
- Talk to your neighbors about preventing mosquitoes from breeding.

For more information about the Asian tiger mosquito, to submit a service request, or to report possible sightings, please contact the San Gabriel Valley Mosquito & Vector Control District at (**626)814-9466**

(www.sgvmosquito.org).
